

The **Maxhub L75FA** is an interactive UHD screen featuring extensive Collaboration and Whiteboarding software; and Wireless connectivity which all form part of the package. This interactive touch screen is especially popular in the Educational Industry and Corporate environments. Due to its versatile functionality and different sizes on offer, there is also a growing demand for MAXHUB in the huddle spaces, medium- and large-sized meeting rooms and boardrooms. These impressive screens offer an all-inclusive solution; camera, microphone, front-firing speakers, Intelligent Graphic and Writing Recognition, Interactive Mirroring for up to 4 devices, Pre-loaded whiteboarding, and interactive collaboration software and even cloud storing.
